***“Working families should not be used  
as piggy banks to enrich big business,  
big banks and billionaires.”***

**CALL 844-813-4060**  
**AND TELL YOUR MEMBER OF CONGRESS**  
**TO VOTE NO ON THE TAX BILL.**

**T**he House Republicans' *Tax Cuts and Jobs Act* is misnamed. The foundation of this legislation “is not designed to create jobs with a living wage and good benefits, but to enrich the corporate elite and the billionaire class,” said Political & Legislative Director Judy Beard. Wall Street and big business will be gifted with a tax rate reduction from 35% to 20%, paid for by trillions in budget cuts to programs for working people, including Medicare and Medicaid.

The *Tax Cuts and Jobs Act* will further punish working families by:

- ♦ Capping the State and Local Property Tax deduction, and eliminating the State and Local Income Tax deduction;
- ♦ Repealing the medical expense deduction, including nursing home care;
- ♦ Repealing taxes on companies that ship jobs overseas;
- ♦ Making it harder to claim the child tax credit;
- ♦ Cutting the mortgage rate deduction in half;
- ♦ Repealing the student loan interest deduction.
